According to Futuresource, theÃ BenQ InstaShowÃ is theÃ #2 selling wireless presentation system in EuropeÃ under US$1000, second only to the Barco ClickShare. It uses a button architecture similar to the ClickShare, making it intuitive to connect and use. The BenQ is unique in that it is aÃ hardware-only solution,soÃ there is no applicationÃ or networking required to set up and use the system. Both systems are highly secure and encrypt all the transmissions to ensure wireless information is not seen or recorded outside the room. The BenQ InstaShow WDC-10 comes with two buttons and a tabletop button holder, and is the winner of industrial design awards from iF and Good Design. If you are looking for a more powerful solution or the alternative to the CS-200,Ã the new InstaShow SÃ may be better for you Fast, Easy & Worry-Free Wireless Presentation System BenQ InstaShowÃ Plug in & Present Works with any HDMI source Ã No Network or App needed AirTame started as a crowdfunded startup offering inexpensive wireless presentation systems that uses a proprietary application to transmit the contents of a notebook or other device over a WiFi network to a small hub device connected to the display. Typically, WiFi hub systems use the existing corporate network, and relies on the performance of the network to determine video frame rates and manage the delay between the notebook and shared display. AirTameÃ does not encrypt their transmissions over the network. Mersive Solstice Pod Gen 2i SGE - US$799 The Mersive Solstice platform uses a similar approach as the AirTame, where a proprietary app is loaded onto the notebook or other device, and transmits the presentation over the WiFi network to a receiver attached to the display. These details and other networking implementation topics, such as port requirements, can be found in the mersive network distribution guide. how easy are they to hate for employees and visitors? the instashow does not require any software application or network connections for employees and visitors- just connect a button and start submitting in seconds. This simple approach is ideal for meeting rooms, saving time and money, especially for time sensitive operations, as a law firm. for staff it, there is no software distribution to manage, and visitors with computer "locked down" can connect without having to run extra software or download apps. its industry standard hdmi and USB-C connections connect with notebooks, mobile phones and tablets like ipad pro, and also chromebooks. mersive solstice pod gen 2i sge for an employee or a visitor to access a solstice pod, must access the same network that houses the solstice pod, and also have the mersive application running on their system. for visitors to get the app, or you will need to download the app from the website, or access the pod solstice on the network. once connected to the drive, the ip address will enter, which itlom itlom ad ,irotatisiv itrec a adifs anu eratneserp ²Åup otseuq ,2emaTriA emoC .koobeton oirporp lus ppa'l erallatsni id orol nu iuc art ,C-BSU e IMDH ivitisopsid id aianitnec a isrettennoc ²Åup QneB id wohsatsnI'L .diordnA o SOi telbat e inofelet ius atacirac erahSatsnI ppa'l etimart ilibom ivitisopsid ad gnimaerts ol eratroppus ²Åup otaznava ¹Ãip ametsis otseuq ,S wohSatsnI amitlu'l noc ,aivattuT .orP daPi emoc ivitisopsid noc C-BSU atrop al odnazzilitu eruppo ,)erotattada nu etimart(IMDH etimart etnaslup a enoissennoc anu etimart ettennoc is 01-CDW wohSatsnI'l ,telbat e ilibom ivitisopsid reP .ortteps id erotazzilana nu emoc ,dradnats IMDH ilanges etteme ehc ilairtsudni erutazzertta e ,iP yrrebpsaR nu emoc oppulivs id edehcs a ÃrehgelIoc is wohSatsnI'l ,airengegni id e oirotarobal id oroval li reP .ocoig id elosnoc ehcna e ,ilatigid ilaidemitlum irottel ,itnemucod id eremacotof emoc 4.1 IMDH ivitisopsid id ipit id aianitnec a isrettennoc ehcna ²Åup ,PCDH atroppus e â erawtfos nucla edeihcir non ©Ãhcrep aM .skoobemorhC ehcna e caM ,swodniW a isrettennoc onossop ehc C-BSU o IMDH dradnats itnaslup i azzilitu artsoM atsnI QneB lI ?onatroppus ivitisopsid id ipit ilauQ .ottartsid etnematla eresse ²Åup ehc ,yalpsid li e retupmoc li art odratir odnoces nu etnemacipit egnuigga emaTriA ,oidua e oediv itunetnoc erettemsart reP .avitanretla emoc yalpriA erazzilitu ehcna onossop elppA itnetu ilG .azzerucis id ivitom rep ivitisopsid orol ius emaTriA enoizacilppa'l eraciracs id odarg ni eresse non orebbertop ,ânwod dekcolâ retupmoc noc irotatisiv inucla reP .ametsis li erazzilitu rep eter al etimart ageipsid il TI otraper li ehc erropsid o ,ivitisopsid irporp ius enoizacilppa'l eraciracs onnarvod itnednepid I .ovitisopsid orol lus ematriA enoizacilppa'l eraciracs emoc ¬Åsoc ,otagelloc ¨Ã ematriA ovitisopsid li iuc a eter assets alla eredecca id irotatisiv ia edeihcir 2emaTriA'L .erallatsni ad enoizacilppa isaislauq rep enoizavorppa e TI otroppus eredeihcir ²Åup e erawlam lad ereggetorp rep itrap ezret id inretse erawtfos eriugese ad koobeton orol i âeraccolbâ Digital, PS4 development card, Raspberry PI, and also an iPad Pro. The AirTame Airtame application Perform the device of the presenters to connect to the Airtame2 receiver. Airtame offers Windows computer applications, Mac OS, Chromebook and Linux, as well as iOS and Android mobile devices. Since the application requires resources from the device, some functionalities can be limited on different devices, such as a chromebook that does not have a hardware coding chip or is performing an ARM processor. At the moment there is no support for devices such as Blu-ray players or documents of documents. Support for SGE SGE devices of the POD SGE POD SGE of the Solstizio Mersive Pod requires a proprietary application on the computer to connect to the receiver, the system supports only Windows and Mac computers, as well as mobile and iOS mobile devices. Chromebook support, and only the most expensive models have wired HDMI input doors - but do not support HDCP, which is necessary for most media players, TV boxes and other HDMI devices that play the media protected by copy.
